Northeast AADE Chapters

Acknowledgements

We wish to acknowledge the generosity of our corporate sponsors without whom it would not be possible to bring you this quality educational program.

A complete list will be provided in the welcome packet.

Please take some time to thank them during the conference.

PROGRAM PURPOSE

The purpose of this program is to share information relative to assessment, clinical management, self-management, and teaching/learning approaches for diverse populations with diabetes; and to discuss current and future technologies in these areas.

TARGET AUDIENCE

Healthcare professionals including nurses, dietitians, pharmacists, social workers, exercise physiologists, public health educators and anyone who is interested in working with people with diabetes. Students are welcome.

LEARNING OBJECTIVES

At the completion of the program, the participant will be able to:

- describe how the Chronic Care Model improves diabetes education and care.
- compare a variety of electronic technologies that can be utilized to improve care for people with diabetes.
- discuss the possible causes and management of the sexual complications diagnosed in people with diabetes.
- describe the future for diabetes educators from a political perspective.

ACCREDITATION

Nurses This continuing nursing education activity has been submitted to the New York State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Dietitians The program will meet the criteria for continuing education for dietitians.

To receive a Statement of Credit, the participant must attend the entire program and complete the evaluation form. Your Statement of Credit will be issued upon submission of the evaluation form.

Accreditation Statement

This educational program has been submitted for 8.7 contact hours.
